David Runger

San Francisco, CA 94102
daverunger@gmail.com
(630)-390-6689

SKILLS

Ruby on Rails, SQL (PostgreSQL), JavaScript, jQuery, REST, HTML5, SCSS, RSpec, Capybara, Jasmine, git, Heroku, webpack, React.js, Node.js, Backbone.js

EXPERIENCE

Software Engineer (2016 - Present) — Hired, Inc. — San Francisco, CA
- Improved the Hired web application (built with Ruby on Rails and jQuery on a Postgres database) by implementing new features, fixing bugs, performing code reviews, refactoring code, and improving infrastructure.
- Provided product input during feature development, implementation, and iteration. Collaborated with stakeholders across the organization to gather input.
- Recognized as a passionate bug fixer, a thorough code reviewer, and a conscientious test-writer.

Teaching Assistant (2014 - 2015) — App Academy — San Francisco, CA
- Delivered lectures; helped students with assignments and capstone projects
- Earned consistently high student reviews via anonymous feedback system
- Engineered and implemented an internal tool to automatically release curriculum to students on a schedule.

Bus Driver (2013 - 2014) — MTS — San Diego, CA
Truck Driver (2011 - 2012) — Swift Transportation — San Diego, CA
High School Math Teacher (2010 - 2011) – San Jose Unified – San Jose, CA

PROJECTS

FastFeedback (live, github) — Ruby on Rails, Backbone.js
- While giving a presentation, ask your audience questions. They cast votes via text messages or the web. A graph of the results is updated in real-time.
- Uses WebSockets, a third-party cell phone API, and animated charts.

Rosetta Code Chrome Extension (live, github) — Capybara tests
- Chrome Extension featuring a comprehensive integration test suite

Additional side projects can be found at davidrunger.com.

EDUCATION

App Academy (2014) - *Full Stack Web Development* - San Francisco, CA
- Web development bootcamp accepting fewer than 5 percent of applicants.
- Selected as a top student and invited to join the teaching staff.

Santa Clara University (2010) - *B.S. Mathematics* - Santa Clara, CA
- Related coursework: Intro to Computer Science, Cryptography, Applied Cryptography, Probability & Statistics
